

Last Call for Sector G Leigh Brackett

Lloyd Durham has already lost his footing once in the labyrinth of politics and intrigue that is The Hub, capital planet-city of the galactic federation. Now his second chance-- a seemingly simple errand involving switched destinations and the code-word 'darkbirds'-- is starting to look like a last call, as parties with varying agendas and no reluctance with weapons are closing in with a vengeance. The stakes are higher than Durham ever anticipated, and the flutter of wings in the shadows may portend more than even the Federation itself can handle! - Summary by EVKesserich
